

Prepared for public work.

A premium California builder, structured for federal, state, and local agencies.

WHY GOLDEN LAND

We bring premium design-build craft to public projects, and we represent our readiness honestly — stating plainly what is in place and what is still in process. We work as a prime contractor or as a dependable subcontractor to established primes.

CAPABILITIES

- Commercial & institutional building construction
- Concrete, foundations, and framing
- Design-build and design-bid-build delivery
- Tenant improvement and facility renovation

EXTENDED CAPABILITIES

- Emergency response mobilization (and SB/DVBE Emergency Registry once certified)
- Facilities support and minor construction
- Construction materials supply
- Logistics, delivery, and warehousing via partners

HOW TO ENGAGE

Contracting officers, primes, and agency buyers can reach our government contracts office to discuss solicitations, sources-sought notices, and teaming.
